

COLLECTION FOR WINTER

**WE DISTRIBUTE RELIEF SUPPLIES
TO PEOPLE IN NEED IN UKRAINE**

The war in Ukraine continues - millions of people live in homes destroyed by rocket attacks and artillery fire. In the months to come, there might be even more people in need, as the country faces an extremely harsh winter: cold, no water, no electricity, no heating – in many places the situation is dramatic.

The Order of Saint John and the Order of Malta in Luxembourg, as well as the Order of Saint John in Brussels, are now jointly collecting clothes and textiles that are much needed in Ukraine during winter.

With the help of the large partner network of the Order of Malta and the Order of Saint John on site, we are implementing specific relief measures. The relief supplies will be sorted and distributed to people in Ukraine, according to their needs. Every donation helps us to support those in need.
